

MR. AND MRS. JULIUS ARONOFF, 629 W. 214th St., owners of what is believed to be the smallest Chihuahua in the world, have issued a challenge to other dog owners. "Honey Bear" as their little 17-inch pet is known, is willing to lay her title on the block to find out if there is a contender for the title who is even tinier. "Honey Bear" has won many Blue Ribbons in her day, and her challenge should not be taken too lightly. Among ribbons won by the Aronoff prize pet are Blue Ribbon and gold cup for first prize at Gilmore field, Sept. 23, 1951; first prize Blue Ribbon at Brookside Park in Pasadena, on Oct. 7; and a first prize Blue Ribbon at Glendale on Nov. 7. "Honey Bear" was born Feb. 12, 1951.

Plumbing

(Continued from Page One) noted during the evening. Moore contended that inspection doors in some cases were more hazardous than good.

Then as if giving a rebuttal to this remark, both Moore and Dresser pointed out: Nothing had happened yet because the plumbing doors were not placed on the 88 homes.

Mrs. Don Menger had an answer for that one: "Do we have to wait until an emergency arises before the building code is observed?"

"We might force Senness to install the inspection doors," said Dresser, "by letting him know that future subdivisions of his would be held up as a result of the present problem."

ASKS FOR LETTER
"Would you give us a letter stating that Senness violated the California building Code by neglecting to put in the plumbing doors?" J. B. John asked Moore.

"Once I have studied it and checked with the City Attorney I'll be only too happy to comply with this request," said Moore.

Moore said that he had written a letter to Senness complaining about the 88 inspection doors. He said that he couldn't recall the exact date, and it would be difficult to find.

One homeowner pointed out that besides plumbing inspection doors, there were many other plumbing ills.

"In one whole block, heaters fell through the floor," Mrs. Robert Osborn pointed out.

FAUCET BLEW OFF

"My hot water faucet blew off the wall, and I got burned," declared Mrs. Addington. Mrs. Lemon reported: "I can't keep the lights on in my house."

Consensus of residents present were that not only plumbing, but many other faulty installations were made in the Senness homes.

The group informed both Moore and Dresser that somewhere along the line someone slipped up in giving the 435 homes a thorough inspection.

J. B. John summed this point up: "We're not trying to place the blame on anyone. We only want to know where we can go to have some of these conditions corrected."

Ben Cluff Employees Move to Watteria

Mr. and Mrs. Frankie Stevens, son Stacy, and daughter Vickie, of 21905 S. Avalon, are moving to Watteria this week. Mrs. Stevens is taking over the proprietorship of the Watteria Parks Cafe on Highway 101. Stevens

and his son will continue to work for the Ben Cluff dairy. The worth of a state, in the long run, is the worth of the individuals composing it.—John Stuart Mill.

POWER POINTER → for kite flying fun—
and safety—follow the rules!

There are very few sports which can be enjoyed with as little equipment as kite flying. That's probably one reason it has been so popular with young and old for thousands of years. Even the rules are simple, but they're very important! You'll have a lot more fun if you remember them:

1. Fly kites in an open field, away from electric power lines and other overhead obstructions.
2. Be sure the string is perfectly dry.
3. Never use wire, tinsel or metallic string.
4. If the kite catches in a power line, let go immediately. Don't pull! Phone the company owning the line and a lineman will get your kite for you.
